**Subject:** Significant Deficiency Public Notice

To All:

Please review the Public Notice regarding Significant Deficiencies at the Cochiti Lake Water System before its release and distribution (per the August 18 Letter Requirements) Thanks - kb

Also per the Attached August 18 letter the Well Vent was the only remaining deficiency at Well 1. (The Well Vent was installed today 09062017) Well 2 has been disconnected from the Cochiti Lake Water Distribution System thereby removing all of the deficiencies relating to Well 2.

It is our intent to satisfy every deficiency relating to Well 1 and the Cochiti Lakes Water System (PWSID #0658423) and ensure its compliance going forward.

If there are any other items that need addressed please let me know.

Respectfully - kb
